We would like everyone to find it easy to deal with us. Please let us know if you need information about our plans and services in a different format.

All our literature is available in audio, large print or braille versions. If you would like one of these please contact us using the details on page 14.

The Financial Conduct Authority is a financial services regulator. It requires us, Prudential, to give you this important information to help you decide whether our Prudential Retirement Plan is right for you. You should read this document carefully so that you understand what you are buying, and then keep it safe for future reference.

About the Prudential Retirement Plan

The Prudential Retirement Plan is a non-advised drawdown plan that lets you take tax-free cash and flexible income from your pensions savings. There are a range of investment options, including self-investment, to match different attitudes to risk.

If you still have questions about the Prudential Retirement Plan after reading this brochure, please look at the 'Get in touch' section for our contact details.

Its aims

What this plan is designed to do

- To give you access to a wide range of investments to match your attitude to risk and investment objectives
- Give you flexibility with how you take your money out and the option to change this throughout your retirement.

Your commitment

What we ask you to do

- Make at least one transfer in from another pension, to open your Prudential Retirement Plan
- To regularly review your investments to make sure you're on track for retirement
- Keep us updated with any changes to your details or circumstances
- Make sure we've the most recent information on who you would prefer your pension to be left to after you die.

Risks

What you need to be aware of

- The value of your investment can go down as well as up so you might not get back the amount you put in
- If the total charges and costs are more than any overall growth achieved, your plan will fall in value, possibly to even less than you have invested
- Taking out too much money may leave you without enough to live on in your retirement. You need to make sure your money lasts as long as you need it to
- There may be exceptional circumstances that delay the buying, switching and selling of units in any fund. Please read the section "Where are my payments invested?" for more information
- As the price of everyday goods and services goes up, your money won't stretch as far as the same amount would now. This is called inflation and will reduce what you can buy in the future
- By transferring to the Prudential Retirement Plan, you might be giving up valuable benefits
- You won't be guaranteed a better pension at retirement by transferring to the Prudential Retirement Plan
- The amount of income you take from your Prudential Retirement Plan could push you into a higher tax bracket
- If you change your mind about making a pension transfer, we may not be able to return the transfer to your previous pension scheme, and instead you will need to give us details of another pension scheme you would like us to send the payment to. If no instructions are received we will invest your funds in accordance with your application.

Other documents you should read

This document gives you key information about our Prudential Retirement Plan. If you want more detail on specific points, please read the following documents. We have highlighted where they are relevant throughout this document.

It's also worth keeping copies of these, including this document, in a safe place for future reference. They're all available via mandg.com/pru/prudential-retirement-plan.

- **Prudential Retirement Plan Terms and Conditions**

Gives you full terms and conditions of our contract with you.

- **Prudential Retirement Plan Fund Guide**

Provides information about the funds that are available for you to invest in.

- **Your Guide to The Prudential Retirement Plan**

Provides more information on the Prudential Retirement Plan.

- **Key Investment Information Document**

The KIID is a two-page 'fact-sheet' style document which includes the key information about the funds available for you to invest in. This aims to help investors understand the nature and key risks of the fund and includes details of the funds charges, risk indicator and past performance.

- **Prospectus**

A Prospectus is owned by the fund manager and contains complete information about the fund(s) you can invest in, such as investment policies, fees, investment risks, and other information that prospective investors should know before investing in these funds.

Questions & Answers

Is the Prudential Retirement Plan right for me?

The Prudential Retirement Plan might be right for you if you're looking to withdraw your retirement savings in a tax-efficient way. It's available to UK residents, over age 55 (57 from 6 April 2028).

Here's some detail:

Pension Income Account

From age 55 (57 from 6 April 2028, unless you have a protected pension age) you can withdraw money from your Income Account (also known as "drawdown").

With this option, you can choose to take up to 25% of your fund as a tax-free lump sum at the start of your plan, and then the remainder will be taxable.

If you are not sure whether the Prudential Retirement Plan is right for you, please speak to a financial adviser. If you don't have one, you can find an adviser at [unbiased.co.uk](https://www.unbiased.co.uk) Any advice you take would be at your own cost.

Is this a Stakeholder Pension?

No, the government has set minimum requirements that companies must meet for a stakeholder pension. These cover things like payments, charges and terms and conditions.

Charges for the plan may be higher than for a stakeholder pension.

A stakeholder pension may meet your needs as well as this plan, and these are widely available.

How flexible is it?

You have a variety of options to take money out of your plan from age 55 (57 from 6 April 2028, unless you have a protected pension age). These include regular or one-off income payments and you can take up to 25% of your fund as a tax-free lump sum at the start of your plan, assuming you have sufficient lump sum allowance remaining. See page 10 for more information. You can stop, start, increase or decrease a regular income payment at any time.

If your circumstances do change, please contact us using the details on the page 14.

How much can be paid into my plan?

You can make a one-off transfer, but you're not able to make any further payments after the start of your plan.

Can I transfer money in?

Yes, when your plan starts, you can transfer in a minimum of £10,000 from your existing Prudential product.

You can't transfer money in from any other plan or make further transfers after the plan has been set-up.

Your current plan might have valuable guarantees you'd lose if you transfer your pension pot.

Please see **Your Guide to The Prudential Retirement Plan** for more information.

If you want to transfer in £1 million or more, please get in touch using the details on page 14.

Pension providers offer different products with different features and options, including the product terms, rates, funds or charges that might be appropriate for your individual needs and circumstances. That's why it's important you shop around. So whatever you decide to do – whether that's a guaranteed income for life (also

known as an annuity), flexible cash or income (also known as drawdown) or something else, it's the right decision for you.

For some products, like annuities, shopping around will help you get the highest possible income. Your or your partner's health and lifestyle can increase the amount of income you can get.

Different providers may use different criteria to assess your or your partner's health and lifestyle conditions. This is known as an enhanced annuity. Prudential do not offer annuities but you may qualify for an enhanced annuity with another provider and get a higher income. That's why it is very important that you should shop around.

Where are my payments invested?

Different funds invest in different types of assets for example, some only invest in property, others invest directly in the stock market and others invest in a wide range of assets. Each fund has its own level of risk and potential for growth. Usually, funds with more potential for growth carry more risk. Remember, the performance of the funds isn't guaranteed. The value of your investment can go down as well as up so you may get back less than you put in.

You choose which funds you would like to invest your money in, from a wide fund range that we offer. You can invest in more than one fund at a time and we use your money to buy units in those funds.

We may delay the buying, selling and switching to or from certain funds. These delays will only apply in certain circumstances and if this applies to you, we'll let you know.

We offer a range of investment options including:

- Investment Pathways
- PruFund range of funds – Smoothed multi-asset funds
- Self-select funds/Open Ended Investment Company (OEICs) – Passive and Active funds

Investment Pathways

Investment Pathways have been designed to help customers match an investment solution to their plans for their pension pot. If you choose to use the Investment Pathways, you'll be asked to select one of four pathway options. These options are based on your plans for your money in the next five years – once you have taken your tax-free cash.

So, you'll be asked which of the four pathway options best fits your plans for your money, based on your current circumstances. Each pathway leads to a different investment solution and the pathway you choose will take you to the one that's most suited to your requirements.

The pathway you choose depends on which of these statements fit your plans best. Please note, you can only select one Pathway.

- Pathway 1 – I have no plans to touch my money within the next 5 years
- Pathway 2 – I plan to use my money to set up a guaranteed income (annuity) within the next 5 years
- Pathway 3 – I plan to start taking my money as a long-term income within the next 5 years*
- Pathway 4 – I plan to take out all my money within the next 5 years

* Choose this option if you plan to take out some money, as and when you need it, within the next 5 years.

If your plans change you should consider if the pathway option you picked is still the right choice for you.

The PruFund range of funds

The PruFund funds have an established smoothing process which uses Expected Growth Rates, and where required, Unit Price Adjustments, seeking to deliver a smoothed investment journey. It aims to provide you with some protection from the short-term ups and downs of markets. However, the value of your investment can go down as well as up so you might get back less than you put in.

For the PruFund range of funds, we may decide to reset the unit price of a PruFund Fund to the unsmoothed price on a particular day, to protect the With-Profits Fund and be fair to all its policyholders. There may also be occasions where we have to suspend the smoothing process for one or more PruFund Funds for a period of consecutive days, to protect the With-Profits Fund.

For more information about how the PruFund Funds work, please read **Your With-Profits Plan – a guide to how we manage the Fund** (Series E) and refer to the **Prudential Retirement Plan Terms and Conditions**, which are available via mandg.com/pru/prudential-retirement-plan

Self-select fund/Open Ended Investment Company (OEIC)

OEICs are professionally managed collective investment schemes that pool your money with other investors, structured as a company.

When you invest in an OEIC you buy shares in the OEIC. The total number of these shares changes over time as they are bought and sold. Your money is then combined with other investors' and invested in a selection of stocks, shares and other assets by the fund manager. This is known as the fund's investment portfolio.

Pooling your money with other investors gives the fund manager more buying power to make larger and more diverse investments than you could make on your own. This reduces risk by spreading the money across a number of different investments.

The value of an OEIC fund is linked to the performance of its portfolio: when the value increases, the value of your shares grow too, and the same applies if the value goes down.

For more information about your specific fund, please read the relevant **Key Investor Information Document (KIID)** and **Prospectus**. KIIDs can be found at fundslibrary.co.uk/FundsLibrary.BrandedTools/PruConsumer/FundCentral/Account. You will need to select documents in order to view these. The fund Prospectus can be found on the relevant fund managers' website.

The Cash Account

Your Prudential Retirement Plan includes a cash account where any money not invested is held until it is withdrawn or used to pay charges. Money not yet invested may include your transfer in, income generated by your investments and dividends received. The rate of interest paid on money you hold in the cash account is dependent upon the Bank of England base rate. We currently use HSBC for the cash account – we can change this at any time but will let you know if we do. You can find details of the rate of interest at mandg.com/pru/prudential-retirement-plan

The money in your cash account will count towards your Financial Services Compensation Scheme (FSCS) limit. If you have savings with HSBC, including any money held in the cash account, that exceed the FSCS limit (up to £85,000 per person) then this may mean all your money isn't protected in the event of that bank defaulting. Please see the section on 'Compensation', for more information on the FSCS.

Can I change my investments?

Yes, you can switch your money between funds at any time. You can only be invested in one Investment Pathway at a time, but you can switch between these or opt to switch from using an Investment Pathway to investing in a fund or funds at any time. We don't currently charge you for this but if this changes in the future we'll let you know.

With the PruFund range of funds you can only make one switch in to or out of them every three months and once you've requested this switch you can't cancel it.

Any units we cancel as a result of switches, transfers or withdrawals from the PruFund Range of Funds may be subject to a delay of up to 28 days from the date of receipt of a request to cancel units. We'll use the unit price on the final day of the delayed period as the price of the units for these purposes.

There may be exceptional circumstances that delay the buying, switching or selling of units. We wouldn't expect these delays to be longer than six months for units that invest in property or land and one month for units that invest in other asset types. We'll let you know if there's a delay that affects you.

Can I transfer money out?

You can transfer your pension pot to another registered pension scheme at any time. We do not charge you for transferring to a new drawdown arrangement.

If you transfer money from the PruFund Funds, we may make the transfer 28 days after we receive your request and everything we need from you to make the transfer. In these circumstances the transfer value will be the value of the plan on the 28th day. This delay will never apply to transfers at your Selected Retirement Age or at age 75. Please refer to the **Terms and Conditions** for further information.

What are the charges and costs?

Your personal illustration shows what the charges are. They may vary in the future and be higher than they are now.

Product charge

This is an annual charge calculated as a percentage of your total Prudential Retirement Plan value. 1/12th of the yearly charge is deducted each month. The product charge depends on the amount you have invested and is shown in the table below.

Prudential Retirement Plan value	Product charge
<£99,999	0.30%
£100,000 – £249,999	0.20%
£250,000 – £499,999	0.15%
£500,000 – £749,999	0.15%
£750,000 – £999,999	0.125%
£1,000,000+	0.10%

The charge is taken as follows:

- If you have invested in PruFund funds, we will deduct units to the value of the charge.
- If you have invested in any other funds, the charge will be deducted from the cash account. If there isn't enough money in the cash account, we will deduct units from the funds you are invested in to the value of the charge.

Fund charges

We take an Annual Management Charge (AMC) for investments in the PruFund funds. This charge covers the cost of managing the fund. It is deducted from the Smoothed Price, through a reduced EGR and is factored into the daily price. The deduction will be 1/365th of the stated AMC. We might change our charges in future. For other funds, the fund manager applies a daily charge for the management and administration of your fund which is reflected in the unit price. The charges are detailed in your personal illustration and in the Key Investor Information Document (KIID).

Further costs

In addition to our fund charges, there may be further costs incurred, which can vary over time. Where these are applicable, they are paid for by the relevant fund and will impact on its overall performance.

For more information on these further costs, please read the Prudential Retirement Plan Fund Guide or the fund factsheet.

What might I get back?

The size of your pension pot and the amount of income you could receive will depend on many factors such as:

- the amount that has been paid into the plan
- how long the payments have been invested
- the performance of the fund(s) you have invested in
- the age you choose to take your benefits
- how you take your benefits
- the amount of charges you've paid.

For an example of the income you could receive, please see your illustration. The amount of income you will receive is not guaranteed.

When can I take my benefits?

You can start taking your benefits from the age of 55 (57 from April 2028), even if you're still working. You might be able to take your benefits earlier than that if you're in ill health.

If you're under 75 and have a life expectancy of less than one year due to ill health, you may be able to take your pension pot tax-free.

For more information, please contact us using the details on page 14.

The minimum age from which you can access your personal or occupational pension will increase from 55 to 57 on 6 April 2028, unless you have a protected pension age. State Pension age will increase from age 66 to age 67 for males and females between 6 April 2026 and 5 April 2028. These ages may change in future.

What choices will I have when I want to take my benefits?

- **Flexible cash or income (also known as drawdown)**

You can take out up to 25% of the money moved into your flexible cash or income plan, in cash, tax-free. You'll need to do this at the start. You can then dip into the rest as and when you like. You can also set up a regular income with this option. Any money you take after the first 25% may be subject to income tax.

- **A guaranteed income for life (also known as an annuity)**

You can use your plan to buy an income for life. It pays you an income (a bit like a salary) and is guaranteed for life. These payments may be subject to income tax. In most cases you can take up to 25% of the money you move into your guaranteed income for life, in cash, tax-free. You'll need to do this at the start and you need to take the rest as an income. Remember, you can only take 25% tax-free cash once.

- **Take more than one option**

You don't have to choose one option – you can take a combination of some or all of them over time, even if you've only got one pension pot.

Making my income last

How long your income lasts depends on a number of things. How much you pay in, withdraw and how your funds perform are the main ones. There is a risk if you withdraw too much, you may not have enough left to support you and your loved ones throughout your retirement. You would then need to rely on other sources of income, such as the

State Pension, to fund your lifestyle in retirement. You may also want to leave money for your loved ones, which you should factor in when working out your income.

How much you take out from your pension pot could affect which state benefits you're entitled to, or how much you get. Take a look at [gov.uk/browse/benefits](https://www.gov.uk/browse/benefits) to find out more.

You should shop around

When you're deciding what you want to do with your pension pot, you should consider all the options and their tax implications. Pension providers offer different products with different features and options, including the product terms, rates, funds or charges that might be appropriate for your individual needs and circumstances. That's why it's important you shop around. So whatever you decide to do – whether that's a guaranteed income for life (also known as an annuity), flexible cash or income (also known as drawdown) or something else, it's the right decision for you.

For some products, like annuities, shopping around will help you get the highest possible income. Your or your partner's health and lifestyle can increase the amount of income you can get.

Different providers may use different criteria to assess your or your partner's health and lifestyle conditions. This is known as an enhanced annuity. Prudential do not offer annuities but you may qualify for an enhanced annuity with another provider and get a higher income. That's why it is very important that you should shop around.

Where can I get guidance about what to do with my pension?

General guidance and information on all aspects of pensions is available from MoneyHelper.

**MoneyHelper Pensions Guidance
Money and Pensions Service
120 Holborn
London
EC1N 2TD**

Telephone: **0800 011 3797**

Website:
moneyhelper.org.uk/en/pensions-and-retirement

For people over 50, Pension Wise is also available. This Government service from MoneyHelper offers guidance to people with personal or workplace pensions on all the options available for their pension savings. You can have a free consultation online, over the phone and face to face.

Telephone: **0800 280 8880**

Website: moneyhelper.org.uk/pensionwise

These services are free and impartial and using them won't affect your legal rights.

What about tax?

Annual Allowance

The Annual Allowance is a limit to the total amount of payments that can be paid to defined contribution pension schemes and the total amount of benefits that you can build up in defined benefit pension schemes each year, for tax relief purposes.

Money Purchase Annual Allowance

Taking money out of your pension will sometimes lower the amount you can pay into all the pensions you may have while still benefitting from tax relief. This limit is called the Money Purchase Annual Allowance (MPAA). Your pension scheme administrator or provider will have told you if you are subject to the MPAA at the time they started to pay you.

Lump Sum Allowances

From 6 April 2024 the lifetime allowance was replaced by two new allowances.

The Lump Sum Allowance (LSA)

This is a limit on the amount of tax free lump sums that can be taken from pension schemes.

Lump Sum and Death Benefit Allowance (LSDBA)

This is a limit on the amount of lump sum death benefits and serious ill health lump sums that can be paid without tax.

Where the amount exceeds either of these allowances, income tax may be payable on the excess.

Capital Gains Tax

You don't pay capital gains tax on your pension funds.

Income tax

Any money taken out, excluding any tax-free cash, may be subject to income tax. Lump sum benefits payable on death are not normally subject to income tax unless they are over the available lump sum and death benefit allowance, paid out more than 2 years after notification of death or where death occurred at, or after, age 75.

Inheritance tax

Lump sum benefits are not normally subject to Inheritance tax. However, in the Autumn 2024 Budget, the Government announced its intention to include most unused pension funds and death benefits within the value of a person's estate for inheritance tax purposes from 6 April 2027.

Tax rules can change and the impact of taxation (and any tax relief) depends on your circumstances. Before you make a decision, you might want to speak to a financial adviser. They can help you understand the tax rules and how they might affect you.

For more information visit pru.co.uk/tax or the HMRC website at hmrc.gov.uk.

How will I know how my Prudential Retirement Plan is doing?

We'll send you an annual statement, which shows how your plan is doing.

Keep track of your plan online, at a time that suits you

With your online service you can check the value of your plan, contact us securely, change personal details and view your documents. If you're not registered, it's easy and only takes five minutes. You'll need your policy number, postcode and date of birth. Go to pru.co.uk/registeronline to find out more.

What happens to the Prudential Retirement Plan if I die?

If you die, we will pay any remaining value of your pension pot to your beneficiaries. If you die before age 75 this will usually be paid free of income tax. If you die after age 75 then your beneficiaries will usually have to pay income tax on the amount you leave behind.

We decide who to pay your money to and we'll take your circumstances and any stated wishes into account. Please complete an Expression of Wish form and keep it up to date. This is a common way of helping pension schemes choose who benefits from your pension after you die and means your pension doesn't normally form part of your Estate for Inheritance Tax purposes. However, in the Autumn 2024 Budget, the Government announced its intention to include most unused pension funds and death benefits within the value of a person's estate for inheritance tax purposes from 6 April 2027.

If you would like a non-dependant (for example, someone who isn't a spouse or child under 23) to receive your money then you must have them noted on your Expression of Wish form or you should write to us to confirm who they are.

Your beneficiaries may be able to use their share of the account to:

- Take a lump sum
- Take drawdown payments
- Buy an annuity.

Any nominated beneficiaries who are non-UK residents when death benefits become payable, will not be able to take drawdown payments. This is because to set up a new Prudential Retirement Plan, the nominated beneficiaries need to be UK resident.

For more information about inheritance tax rules, please go to HMRC's website [gov.uk/inheritance-tax](https://www.gov.uk/inheritance-tax)

What if the Prudential Retirement Plan isn't right for me?

You are able to cancel your Prudential Retirement Plan within 30 days after your initial application.

You can cancel your first move into drawdown within 30 days of moving your investments into your Pension Income Account. To do this you must return any tax-free cash and/or income that you have been paid from the relevant Pension Income Account.

If you decide to cancel a pension transfer into your Prudential Retirement Plan then we'll return your money to your original provider or you may have to find an alternative provider if they don't accept the return.

Please note that your investments may have fallen in value, so you may get back less than you paid in.

To cancel it, please complete and return the Cancellation Notice that we send you with your plan documents, or write to us at:

**Prudential Customer Services
Prudential Retirement Plan
Lancing
BN15 8GB**

Please include your plan number.

If you do not exercise your right to cancel within the 30-day statutory period, the contract will become binding and we will not return any money to you until you are ready to take your benefits.

Other information

Client category

We classify you as a 'retail client' under Financial Conduct Authority (FCA) rules. This means you'll receive the highest level of protection for complaints and compensation and receive information in a straightforward way.

Compensation

The products Prudential Assurance Company Limited (PACL) offer are covered by the Financial Services Compensation Scheme (FSCS). If we get into financial difficulties, you may be able to make a claim. The FSCS is an independent body set up by Government to provide compensation for people where their authorised financial services provider gets into financial difficulties and becomes unable, or unlikely to be able, to pay claims against it. This circumstance is referred to as being 'in default'.

Losses, which may result from poor investment performance, are not covered by the FSCS.

Where does FSCS protection apply?

There is FSCS coverage if PACL is 'in default'.

- PACL is the operator of the Prudential Retirement Plan, so if PACL defaults as operator of the personal pension plan you are protected up to £85,000
- If you hold the Prudential PruFund funds in the Prudential Retirement Plan, then they're protected up to 100% in the event of PACL being 'in default'.

Any further FSCS cover depends on where you invest.

- A collective fund (often called an Open Ended Investment Company or OEIC) – These funds are protected up to £85,000 per person per firm 'in default'
- Cash Account (HSBC) – Fully protected up to £85,000 per person, per deposit group. The money in your cash account will count towards your Financial Services Compensation Scheme (FSCS) limit. If you have savings with HSBC, including any money held in the cash account, that exceed the FSCS limit then this may mean all your money isn't protected in the event of that bank defaulting.

You can find out more information on the FSCS at pru.co.uk/fscs, or you can call us.

Information is also available from the Financial Services Compensation Scheme.

Visit their website: fscs.org.uk

Or write to:

**The Financial Services Compensation Scheme
PO Box 300
Mitcheldean
GL17 1DY**

Or call the FSCS: **Telephone: 0800 678 1100**

Where FSCS coverage does not apply, then other factors can come in

As explained in the 'Where does FSCS protection apply?' section, the FSCS doesn't cover every situation.

But, where FSCS protection does not apply, there are other factors that could help if the worst happened and a provider was 'in default'. For example, the use of custodians or depositories to provide protection for fund assets, where there is separate legal ownership of assets and legal entities that aren't liable for any losses of a fund manager. In so doing, the intention is that the underlying fund will not be liable for any losses the underlying fund management company incurs.

PACL would aim to recover any money invested in an underlying fund where the fund manager has been declared 'in default', but PACL would not be liable for any loss incurred from the default of the non-PACL fund manager.

Financial strength

Prudential meets regulatory standards for meeting its financial obligations. You can read our solvency and financial condition reports at pru.co.uk/about_us, or if you contact us using our details on page 14 we can post some information to you.

Terms and conditions

This Key Features Document gives a summary of your plan. Full details are set out in our Terms and Conditions brochure which is available on request using the contact details on page 14. We will also send it to you when your plan starts.

Conflict of interest

We want to make sure that we uphold our reputation for conducting business with integrity. If we become aware that our interests may conflict with yours, we will take all reasonable steps to manage it in an appropriate manner.

We have drawn up a policy to deal with any conflicts of interest. If you would like to know the full details, please contact us using our details on page 14.

Law

The law of England and Wales applies to your contract.

Our regulators

We are authorised by the Prudential Regulation Authority and regulated by the Financial Conduct Authority and the Prudential Regulation Authority. Prudential Assurance Company Limited is entered on the Financial Conduct Authority (FCA) Register, FCA Reference Number 139793. The FCA Register is a public record of all the organisations that the FCA regulates.

You can contact the FCA at:

The Financial Conduct Authority
12 Endeavour Square
London
E20 1JN

Email: consumer.queries@fca.org.uk

Prudential Regulation Authority details:

The Prudential Regulation Authority
Bank of England
Threadneedle St
London
EC2R 8AH

Email: enquiries@bankofengland.co.uk

Communicating with you

Our documents and terms and conditions, as well as all other communications, will be in English.

How to make a complaint

If you have a complaint, please get in touch with us and we will do everything we can to resolve it. You can also ask us for details of our complaints handling process. Our contact details are in the 'Get in touch' section at the back of this document.

If you're not satisfied with our response, you can take your complaint to the Financial Ombudsman Service who help settle individual disputes between consumers and businesses providing financial services:

Financial Ombudsman Service
Exchange Tower
London
E14 9SR

Telephone: **0800 023 4567** or **0300 123 9123**

Or visit the website: financial-ombudsman.org.uk

Help is also available from The Pensions Ombudsman who deals with complaints and disputes about the administration and management of occupational and personal pension schemes.

These services are free and using them won't affect your legal rights.

Get in touch

If you want to contact us you can do so in the following ways:

With your online service you can check the value of your plan, contact us securely, change personal details and view your documents. If you're not registered, it's easy and only takes five minutes. You'll need your policy number, postcode and date of birth. Go to pru.co.uk/registeronline to find out more.

Write to: **Prudential Retirement Plan, Lancing BN15 8GB UK.**

Phone: **0345 268 0488** or **+44 203 755 9358** if calling from abroad. Lines are open Monday to Friday from 8.30am to 5.30pm.

If you are deaf and a British Sign Language (BSL) user, you can contact us using a Video Relay service. The service, provided by SignVideo, connects customers to fully qualified, registered NRCPD interpreters who will relay your conversation with a member of our customer service team.

pru.co.uk/contact-us/signvideo

There is no cost for using this service to call Prudential and we're available to help you Monday to Friday, 8am to 6pm.

Keep in touch

It's important that we keep in touch so, if you change your address or any of your contact details, please let us know.

pru.co.uk

'Prudential' is a trading name of The Prudential Assurance Company Limited, which is registered in England and Wales. Registered office at 10 Fenchurch Avenue, London EC3M 5AG.
