If you are in any doubt as to the action to be taken or require further information, please do not hesitate to contact your usual M&G contact or, for operational queries, our Customer Services team by email at **csmandg@caceis.com** or by telephone on +352 2605 9944. We are open from 09:00 to 18:00 CET Monday to Friday. For security and to improve the quality of our service we may record and monitor telephone calls.

Dated: 5 February 2026

Dear Shareholder,

I am writing to you as a Shareholder of the Merging Fund to inform you of the Board of Directors' decision to merge it into the Receiving Fund (the "**Merger**"). Both sub-funds are sub-funds of M&G (Lux) Investment Funds 1, a Luxembourg-authorised *société d'investissement à capital variable* qualifying as an undertaking for collective investment in transferable securities in accordance with Luxembourg law (the "**M&G SICAV**"). The Merger will take place on Thursday 16 April 2026, which is also the maturity date for the Merging Fund.

The Merging Fund will be merged into the Receiving Fund in accordance with the terms of Article 1 (20) a) of the 2010 Law by transferring all of its assets and liabilities to the Receiving Fund following which it will be dissolved without going into liquidation.

The Merger is carried out in accordance with article 26 of the articles of incorporation and the prospectus of the Company and is governed by Articles 65 to 76 of the 2010 Law and Articles 3 to 7 of CSSF Regulation 10-5 transposing Directive 2010/44/EU implementing Directive 2009/65/EC.

This document details the reasons for the Merger and provides a comparison of the Merging Fund with the Receiving Fund.

The Merger does not require the approval of the Shareholders of either the Merging Fund or the Receiving Fund.

Your Options

The three options available to you are as follows – please note that none of these will incur any switching or redemption charges as any redemption charges that may have applied will be waived by the Management Company:

- **Option 1: Participate in the Merger – No action required**

If you wish to participate in the Merger you do not need to do anything.

If we do not receive any instructions from you by 13:00 (CET) on Thursday 9 April 2026, you will automatically receive shares in the Receiving Fund to an equivalent value (determined by the prevailing prices (including any swing price adjustments) of both the Merging and Receiving Fund) of the shares you hold in the Merging Fund as at the Effective Date, as detailed in the table on page 7. We will send you confirmation and details of your new holding in the Receiving Fund by Friday 17 April 2026.

- **Option 2: Switch to an alternative M&G SICAV sub-fund free of charge – your instructions must reach us no later than 13:00 (CET) on Thursday 9 April 2026**

You may switch to another sub-fund within the M&G SICAV fund range (or another M&G fund for which you are eligible to invest in). Please ensure that you have read the Key Information Document(s) ("**KIDs**") for any sub-fund(s) you want to switch into.

- **Option 3: Redeem your holding free of charge – your instructions must reach us no later than 13:00 (CET) on Thursday 9 April 2026**

You will receive the proceeds of your investment within three business days of the next Dealing Request Deadline as defined in the Prospectus.

Further information and contact details

More detail on the Merger can be found in the following sections of this document; however, if you have any questions concerning the Merger or the sub-funds, please do not hesitate to contact your usual M&G contact. For operational queries, contact our Customer Services team by email at csmandg@caceis.com or by telephone on +352 2605 9944. We are open from 09:00 to 18:00 (CET) Monday to Friday. For security and to improve the quality of our service we may record and monitor telephone calls.

Representative and paying agent in Switzerland

The prospectus, KIID, articles of incorporation and the most recent annual or semi-annual report of the Company are available free of charge from the Representative in Switzerland: Société Générale, Paris, Zweigniederlassung Zürich, Talacker 50, Postfach 5070, CH-8021 Zürich.

Please be aware that we are not in a position to give you investment advice, so if you are uncertain as to how the changes may affect you, you should consult a financial adviser.

Yours faithfully,

Laurence Mumford
Chair, M&G (Lux) Investment Funds 1

Background and reasons for the Merger

The Merging Fund was launched on 16 April 2024 with a limited offer period and a fixed maturity date set on 16 April 2026. It aims to deliver a total return (capital growth plus income) over its two-year life term, while applying Environmental, Social and Governance (“ESG”) Criteria.

As the maturity date nears, the Board of Directors of the M&G SICAV has considered a number of options for the Merging Fund and determined that offering Shareholders the opportunity to remain invested in the market through a merger in the Receiving Fund would be in the best interests of Shareholders.

The Receiving Fund targets total return of at least 3.5% a year above cash as represented by 1-month Euribor, over any five-year period. It seeks to achieve this objective through flexible investment in a broad range of debt securities across credit markets globally, while applying ESG Criteria. It applies a strategy combining bottom-up credit selection and active management of interest rate exposure, and as a result its risk profile differs from that of the Merging Fund, notably in terms of credit and duration risk.

We have chosen the Receiving Fund as it provided the closest match to the Merging Fund within our range. We believe that the Merger will allow investors to benefit from new yield opportunities across different sectors, geographies, or through duration management techniques.

You should note that the Receiving Fund typically carries a higher level of risk than the Merging Fund, although it has the potential to deliver higher level of returns.

Comparison of the Merging Fund with the Receiving Fund

For a detailed comparison of the sub-funds’ features, please read the table on page 10 carefully, as well as the up-to-date KID for the Receiving Fund which is also enclosed. This KID has been chosen as it is for the Share Class that the largest amount of assets from the Merging Fund will merge into as a result of the Merger. KIDs for all other Share Classes in the Receiving Fund are available on our website www.mandg.com

- **Fund structure**

The Merging Fund is a Fixed Maturity Bond Fund and was designed for investment over a set period of two years, with a regressive redemption charge for investors redeeming before the maturity date – although redemption charges on all share classes have been waived by the Management Company since launch. It also had a limited offer period after which it could not accept any additional subscriptions.

The Receiving Fund does not have a set maturity date and is designed for investors who have an investment time horizon of at least five years. It has no restrictions on new subscriptions, so you may add to your investment at any time. Redemption and initial charges will not apply to the Shares you will receive as part of the Merger, although an initial charge may apply if you make additional subscriptions (see the “Charges” section below).

- **Investment Objective**

The Merging Fund seeks to deliver total return (capital growth plus income) over the term of the sub-fund. The Receiving Fund also aims to deliver total return, with a target of at least 3.5% over cash as represented by 1-month EURIBOR (the rate at which banks borrow money from each other) over any five-year period. Both sub-funds apply ESG Criteria.

- **Investment Policies**

Both sub-funds invest in a wide range of investment debt securities from government, public issuers and companies located anywhere in the world, and denominated in any currency. The table below sets out the key differences between the assets that make up the Merging and Receiving Funds’ portfolios. Details regarding ESG characteristics are set out in the ‘ESG characteristics’ section below, and a full Investment Policy comparison can be found on page 10.

	Merging Fund	Receiving Fund
	Expressed as % of the sub-fund's Net Asset Value ("NAV")	
Proportion of the sub-fund that must be denominated in Euro or hedged back to Euro	Not specified	At least 75%
Proportion of the sub-fund that must be invested in investment grade securities	At least 80%	Not specified
Amount of contingent convertible debt securities the sub-fund can hold	Up to 10%	Up to 20%
Amount of asset-backed securities and mortgage-backed securities the sub-fund can hold	Up to 10% in asset-backed securities only	Up to 40%
Amount of distressed debt securities and defaulted debt securities the sub-fund can hold	N/A	Up to 10%

Both sub-funds seek to make investment that meet the ESG Criteria through the application of an Exclusionary Approach, although the Receiving Fund also applies a Positive ESG Outcome – as outlined in the 'ESG characteristics' section below. The Merging Fund does not apply a Positive ESG Outcome.

- **Investment Strategies – Investment Approaches**

Both sub-funds are globally diversified and seek to provide exposure to a broad range of individual issuers across a variety of industrial sectors. They both employ a similar approach based on macroeconomic environment analysis, complemented by individual credit selection.

However the Merging Fund predominantly adopts a buy and maintain strategy, where the majority of the debt securities it holds are expected to be held until maturity. The Receiving Fund is more actively managed and has the flexibility to adjust its interest rate exposure in response to changes in the macroeconomic outlook and market conditions, managing credit exposure across the maturity spectrum as a complement to credit returns.

- **ESG characteristics**

Both sub-funds seek to make investments that meet the ESG Criteria, applying an Exclusionary Approach to investment.

- EU Sustainable Finance Disclosure Regulation ("SFDR")

Both sub-funds are categorised as Article 8 under SFDR and promote environmental and/or social ("E/S") characteristics.

- Investment Manager's ESG Classification

The Merging Fund is categorised as **Planet+ / ESG Enhanced** under the Investment Manager's ESG Classification, which is for funds that will seek to mitigate negative impacts on the environment and society.

The Receiving Fund is categorised as **Planet+ / Sustainable**, which is for funds that allocate to investments that are expected to have a positive contribution to environmental and/or social objectives.

In addition, the ESG exclusions for Planet+/Sustainable funds differ from those that apply to Planet+/ESG Enhanced – see the section below for more details.

- Investment Exclusions

The following exclusions apply to both the Merging and Receiving Funds:

- Good governance
- United Nations Global Compact (UNGC)
- M&G Investments Thermal Coal Investment Policy
- Unconventional Oil and Gas Extraction (oil sands and Arctic drilling)
- Adult entertainment
- Gambling
- Tobacco
- Controversial Weapons

In addition, some of the thresholds that apply to the Receiving Fund's exclusions are more restrictive than those that apply to equivalent exclusions in the Merging Fund.

The following exclusions apply to the Receiving Fund but not to the Merging Fund:

- Thermal Coal Extraction
- Conventional Oil and Gas Extraction
- Carbon-intensive Power Generation
- Defence and Other Weapons
- All nuclear weapons
- Production and distribution of alcohol for consumption
- Issuers considered to be poorer ESG performers, or "ESG Laggards"¹

Finally, the following Paris-Aligned Benchmark²-related exclusions apply to the Receiving Fund:

- Controversial Weapons
- Tobacco cultivation and production
- UNGC and OECD violators
- Hard coal and lignite exploration, mining, extraction, distribution or refining
- Oil exploration, extraction, distribution or refining
- Gas exploration, extraction, manufacturing or distribution
- GHG Intensive Power Generation

- Planned asset allocation

	Minimum proportion of the Fund's NAV that must be aligned with its E/S characteristics	Minimum proportion of the Fund's NAV that must be held in Sustainable Investments
Merging Fund	70%	20%
Receiving Fund	80%	51%

- Positive ESG Outcome

The Receiving Fund uses the following Positive ESG Outcome as sustainability indicators to measure the attainment of its ESG characteristics:

- Portfolio weighted average ESG score versus investment universe weighted average ESG score

¹ Based on MSCI (ESG rating of B or CCC) unless the Investment Manager's in-house ESG assessment takes a different view.

² Paris-aligned benchmarks are indices whose total emission levels are aligned with the Paris Agreement, which seeks to limit the rise in global temperatures to well below 2 degrees Celsius above pre-industrial levels, and to pursue efforts to keep the rise to 1.5 degrees Celsius.

- Portfolio weighted average carbon intensity versus investment universe weighted average carbon intensity.

The Merging Fund doesn't apply a Positive ESG Outcome.

For full details of the ESG characteristics promoted by both sub-funds and ESG exclusions applied to each sub-fund, please refer to their respective Precontractual Disclosures within the Prospectus and to each sub-fund's Sustainability-related disclosures, which can be found on the M&G website www.mandg.com

- **Share Classes and Types and charges**

Investors in the Merging Fund who wish to participate in the Merger will receive Shares in the Receiving Fund of the same class and type as they currently hold in the Merging Fund.

The Receiving Fund's Ongoing Charge Figure ("OCF") is higher than the Merging Fund's. This reflects the Receiving Fund's more active portfolio management, its stronger ESG characteristics and the higher level of risk it may take in order to deliver higher returns than the Merging Fund aims for.

The tables below provided a comparison of the charges and performance applicable to Shares in both sub-funds.

M&G (Lux) Fixed Maturity Bond Fund 1						M&G (Lux) Sustainable Macro Flexible Credit Fund					
Share Classes	ISIN	Single charge	OCF* as at 31.12.25	Initial charge	Redemption charge	Share Classes	ISIN	Single charge	OCF* as at 31.12.25	Initial charge**	Redemption charge
EUR P Acc	LU2732958876	Up to 1.20%	0.80%	0.00%	Waived by the Management Company.	EUR P Acc	LU2415445837	1.10%	1.11%	3.25%	0.00%
EUR P Dist	LU2732959171	Up to 1.20%	0.80%	0.00%		EUR P Dist	LU2415445910	1.10%	1.11%	3.25%	0.00%
EUR W Acc	LU2732959098	Up to 0.60%	0.40%	0.00%		EUR W Acc	LU2509757592	0.59%	0.60%	1.25%	0.00%
EUR W Dist	LU2732959338	Up to 0.60%	0.40%	0.00%		EUR W Dist	LU3246191947	0.59%	0.60% [†]	1.25%	0.00%
EUR WI Acc	LU2732958959	Up to 0.60%	0.36%	0.00%		EUR WI Acc	LU2509757758	0.55%	0.56%	1.25%	0.00%
EUR WI Dist	LU2732959254	Up to 0.60%	0.36%	0.00%		EUR WI Dist	LU3246192085	0.55%	0.56% [†]	1.25%	0.00%

* The ongoing charge figures (OCF) disclosed above include direct costs to the fund such as the single charge but do not include portfolio transaction costs. The figure includes the fees and charges for investments in underlying funds.

** No initial Charge will be applied to the Shares you will receive as part of the Merger, however it may apply to any subsequent subscriptions you make.

[†] Estimated as these share classes had been in existence less than a year at the time of the calculation.

- **Leverage**

The Merging Fund can have an expected level of leverage of 100% of its NAV under normal market conditions, while the Receiving Fund can have an expected level of leverage of 450% of its NAV.

As a fixed maturity bond fund with a limited two-year time horizon, the Merging Fund holds securities with durations that align with its final maturity date. Although its Investment Policy permits the use of derivatives, it has not utilised them, and as of 5 January 2026, its leverage stood at 0% of its NAV.

In contrast, the Receiving Fund has an indefinite lifespan and can leverage a higher proportion of its portfolio, allowing for a flexible strategy that combines bottom-up credit selection with active management of interest rate exposure. As at 5 January 2026, the Receiving Fund's leverage level stood at 12.61% of its NAV.

- **Risk**

The overall risk profile of the Receiving Fund is higher than that of the Merging Fund. This is due to its greater flexibility in credit positioning with the aim of achieving higher returns. While both products maintain the same Synthetic Risk Indicator rating of 2³, the Receiving fund offers more flexibility compared to the Merging Fund and has historically taken on higher credit risk.

- **Benchmarks**

The Merging Fund does not use a benchmark to measure its performance, which is assessed against its objective of delivering total return over its two-year life term, while the Receiving Fund measures its performance objective against the 1-month Euribor index +3.5%.

Both sub-funds are actively managed and their portfolio construction is not constrained by a benchmark.

- **Distribution frequency**

The Merging Fund distributes income on a semi-annual basis, whilst the Receiving Fund distributes on a quarterly basis.

Impact of the Merger on shareholders of the Merging Fund

We intend to suspend dealing in shares of the Merging Fund at 13:00 (CET) on Thursday 9 April 2026.

Based on the Merging Fund's holdings on 7 January 2026, approximately 93% of its assets are due to have reached maturity prior to the Effective Date, and it will therefore be held as cash. Any assets that have not matured by the Effective Date will be sold so that the proceeds, along with the remaining cash, can be transferred to the Receiving Fund. The costs of selling these assets will be borne by the Merging Fund's shareholders, it is expected that these costs will be less than 0.01% of the Merging Fund's NAV.

Should the Merging Fund still hold any assets that do not align with the Receiving Fund on the Effective Date, these assets will be transferred into the Receiving Fund to complete the selling process and M&G will compensate investors in the Receiving Fund for any detrimental performance impact.

On the Effective Date, investors in the Merging Fund will be issued with New Shares in the Receiving Fund and their Shares in the Merging Fund will be cancelled. The number of Receiving Fund shares you will receive on the Effective date will be determined using a "merger factor", which is based on the prevailing prices (including any swing price adjustments) of both the Merging and Receiving Funds on the Effective Date. As a result, you may not hold the same number of shares in the Receiving Fund as you did in the Merging Fund; and the total value of the shares you receive as part of the Merger may be impacted by the swing price adjustment applied on the Receiving Fund (please refer to the "Merger costs and taxation" section below for further details).

- **Accrued income**

Any accrued income in the Merging Fund as at the Effective Date will not be paid as a distribution, but instead will be included in the final NAV when calculating the number of shares to be received in the Receiving Fund as result of the Merger. Income equalisation will be applied to shares issued in the Receiving Fund. For further details on income equalisation please refer to the Prospectus.

- **Service providers**

As both sub-funds are part of the M&G SICAV, all the service providers will remain the same after the Merger (including the Investment Manager).

³ Risk is measured on a 7-point scale, where SRI 1 indicates lower risk (but is not risk-free) and SRI 7 indicates higher risk.

Details of the Merger

Provided that we do not receive instructions from you to switch or redeem your shares before the relevant dates set out on page 1, you will be allocated shares in the Receiving Fund in the same class and type as you currently hold in the Merging fund.

The share classes taking part in the Merger are set out in the share classes and charges table on page 7.

Following the Merger, the report made by the auditor in respect of the Merger will be available upon request and free of charge by calling our Customer Services team.

After the Merger process has completed, shares in the Merging Fund will be cancelled and will cease to be of any value.

- **Suspension of dealing in the Merging Fund**

In order to facilitate the implementation of the Merger, dealing in shares in the Merging Fund will be suspended at 13:00 (CET) on Thursday 9 April 2026.

Any dealing instructions received after that time will be rejected and will have to be resubmitted to deal in shares in the Receiving Fund on Friday 17 April 2026.

- **Merger costs and taxation**

M&G will bear any legal, advisory and administrative costs associated with carrying out the Merger.

Any other taxes (eg income tax or capital gains tax on disposal of property) that would ordinarily be borne by the Merging Fund, even if incurred as a result of the Merger, will be borne by the Merging Fund.

The Merging Fund will also bear any costs incurred in selling any assets that have not matured by the Effective Date.

In order to prevent "dilution" in the Receiving Fund, a swing price adjustment may be added to the NAV per Share at which Shares will be issued in the Receiving Fund. This swing price adjustment will cover the dealing costs associated with investing the cash received from the Merging Fund and will preserve the value of the underlying assets of the Receiving Fund. This ensures that the existing shareholders of the Receiving Fund are not impacted by the Merger, and that these costs are borne by the shareholders of the Merging Fund. Further information on the operation of the swing price adjustments is set out in the Swing pricing and dilution levy section of the Prospectus.

The tax consequences of the Merger will vary depending on the laws and regulations of your country of residence, citizenship or domicile. In particular, for shareholders in some jurisdictions, a merger may be treated as involving a disposal of their shares in the Merging Fund under their domestic law, potentially triggering a tax liability. If you are in any doubt about your potential liability to tax, you should consult a tax adviser.

Please note that M&G will not, however, be responsible for, or pay, any investor's personal tax liability that results from the Merger.

Enc. Comparison of the features of M&G (Lux) Fixed Maturity Bond Fund 1 and M&G (Lux) Sustainable Macro Flexible Credit Fund

Comparison of the features of M&G (Lux) Fixed Maturity Bond Fund 1 and M&G (Lux) Sustainable Macro Flexible Credit Fund

Further details of the M&G (Lux) Sustainable Macro Flexible Credit Fund can be found in the enclosed KID(s). This KID has been chosen as it is for the Share Class that the largest amount of assets from the Merging Fund will merge into as a result of the Merger. KIDs for all other Share Classes in the Receiving Fund are available on our website www.mandg.com

• Investment Objective, Investment Policy and Investment Strategy

	M&G (Lux) Fixed Maturity Bond Fund 1	M&G (Lux) Sustainable Macro Flexible Credit Fund
Duration	The Fund is established for a fixed term of two (2) years from the launch date.	N/A

Benchmark	<p>The Fund is actively managed and it has no benchmark.</p> <p>Investors can assess the performance of the Fund by its objective to deliver total return (capital growth plus income) over the term of the Fund.</p>	<p>1-month Euribor +3.5%</p> <p>The benchmark is a target which the Fund seeks to achieve. The rate has been chosen as the Fund's benchmark as it is an achievable performance target based on the Fund's investment approach. The benchmark is used solely to measure the Fund's performance objective and does not constrain the Fund's portfolio construction.</p> <p>The Fund is actively managed. The Investment Manager has complete freedom in choosing which assets to buy, hold and sell in the Fund. The Fund's holdings may deviate significantly from the benchmark's constituents and as a result the Fund's performance may deviate significantly from the benchmark.</p> <p>For each Share Class the benchmark will be a cash rate of the relevant Share Class currency. The benchmark for each Share Class will be shown on the M&G Website.</p>
Profile of Typical Investor	<p>The Fund is designed for retail and Institutional Investors seeking to earn an attractive yield over the term of the Fund, and is designed for those investors who have sustainability preferences.</p> <p>There is no guarantee that the Fund will achieve its objective. Investors should appreciate that their capital will be at risk and that the value of their investment and any derived income may fall as well as rise.</p> <p>In each case it is expected that all investors will understand and appreciate the risks associated with investing in Shares of the Fund.</p> <p>The Fund is designed for investors who have an investment time horizon aligned with the fixed term of the Fund and are therefore prepared to remain invested until the Maturity Date.</p>	<p>The Fund is designed for retail and Institutional Investors who seek capital growth and income from a portfolio of global bonds and who have sustainability preferences.</p> <p>There is no guarantee that the Fund will achieve its objective. Investors should appreciate that their capital will be at risk and that the value of their investment and any derived income may fall as well as rise.</p> <p>In each case it is expected that all investors will understand and appreciate the risks associated with investing in Shares of the Fund.</p> <p>This Fund is designed for investors who have an investment time horizon of at least five years.</p>
Leverage	<p>The Fund's expected average level of leverage under normal market conditions is 100% of the Fund's Net Asset Value when calculated in accordance with the sum of notionals approach.</p> <p>The level of leverage could sometimes be higher under certain circumstances including but not limited to changes in the reference market conditions and the investment strategy.</p>	<p>The Fund's expected average level of leverage under normal market conditions is 450% of the Fund's Net Asset Value when calculated in accordance with the sum of notionals approach.</p> <p>The level of leverage could sometimes be higher under certain circumstances including but not limited to changes in the reference market conditions and the investment strategy.</p>
