

# 2022 Smoothed Return Announcement

## Income Choice Annuity

This document gives you information about the current and historic declared Smoothed Returns for your Income Choice Annuity plan. If you have any questions after reading this, please speak to your financial adviser or give us a call. You can also visit [pru.co.uk/existing-customers](https://pru.co.uk/existing-customers)

### So how have we done?

In 2021, our globally diversified With-Profits Fund performed well in mostly positive financial markets despite the backdrop of COVID-19 uncertainty. This means all our Income Choice Annuity planholders will receive bonuses that deliver year-on-year increases in income, after allowing for the Required Smoothed Return (RSR).

This year, we've also got additional money in the With-Profits Sub Fund to share with our Income Choice Annuity planholders. Because of this, we've increased the unsmoothed value of plans by 1.75%. This is reflected in our Smoothed Returns from this year. There's a chance we might have to take back this increase in the future. You can find out more on our website at: [pru.co.uk/aboutadditional surplus](https://pru.co.uk/aboutadditional surplus)

In 2022, the team will continue to take decisions that allow them to manage the Fund prudently. We'll aim to secure the highest total return for the Fund (after any tax and investment expenses) while maintaining an acceptable level of risk and protecting our planholders.

The table below shows our With-Profits Fund returns for this year and over the last 10 years.

Bonus Declaration Year										
Gross Fund Return in preceding year	2013	2014	2015	2016	2017	2018	2019	2020	2021	2022
	10.5%	10.3%	8.3%	3.6%	14.5%	10.3%	-2.8%	11.5%	1.7%	12.0%

### What does this mean for you?

The table below shows the Smoothed Returns we have announced this year. The full Smoothed Returns history is shown on the back page. Your yearly statement shows the change in your income because of the Smoothed Returns announced in the February 2022 Bonus Declaration, after taking into account the Required Smoothed Return needed to maintain your selected income. The change in your income each year won't reflect exactly the performance of the With-Profits Fund, because of the effects of smoothing and charges.

Source: Prudential. **Past performance isn't a guide to future performance.** Changes in the income payable from an Income Choice Annuity will depend on the relationship between the Smoothed Return announced and the Required Smoothed Return needed to maintain your chosen income. The income from an Income Choice Annuity can fall as well as rise at each plan anniversary, subject to any guaranteed minimum level of income (known as the Secure Level) that applies. The Smoothed Return can be changed and it's not guaranteed until it becomes payable at the next plan anniversary.

## What happens next?

We'll send you your annual statement approximately seven weeks before your anniversary date. This will show you your new income amount.

Your annual statement will also show if you have the option to change your income or switch to a Prudential Guaranteed Pension Annuity. Please see your annual statement for more information.
