

WS Prudential Risk Managed Funds

Target Market Information

This is based on Prudential's opinion and doesn't take into account individual circumstances.

What is the Risk Managed Active/Passive Fund Range?

Risk Managed Active Range:

Our Risk Managed Active range is managed to keep within an expected long-term volatility limit to help target different attitudes to risk. The range gives your client access to M&G Treasury & Investment Office (T&IO) for active asset allocation, with a focused selection of underlying funds that use expert active fund management approaches.

Your clients can choose between five active risk-managed portfolios which can be matched to their attitude to risk. We will manage their money to achieve the best return we can for the level of risk they are willing to take.

Risk Managed Passive Range:

Our Risk Managed Passive range is managed to keep within an expected long-term volatility limit to help target different attitudes to risk. The range gives your client access to M&G Treasury & Investment Office (T&IO) for active asset allocation, with a focused selection of underlying funds that use predominantly (at least 70%) passive fund management approaches. Your clients can choose between five risk-managed portfolios which can be matched to their attitude to risk. We will manage their money to achieve the best return we can for the level of risk they are willing to take.

What type of investor is this suitable for?
