

# Fund switch request

## Notes to help you

Please use black ink and write in CAPITAL LETTERS or tick as appropriate. Any corrections must be initialled. Please do not use correction fluid as this will invalidate your request.

Please ensure that you complete the correct section for the bond that you hold. You will find the name of the bond you're invested in on the documentation you were provided with when you first invested.

If you complete the incorrect section, or any information is missing, your instruction cannot be carried out, and any fund switch will be delayed.

Please email a scanned copy of this form to [prudentialinternational@prudential.co.uk](mailto:prudentialinternational@prudential.co.uk)

If you are sending by email please ensure your mail is encrypted, if not encrypted we recommend that you submit your request by post.

Access to the Prudential PAC Sterling, PAC Euro and PAC US Dollar With-Profits Funds is no longer available to new customers investing in either International Prudence Bond (IPB) or Prudential International Investment Bond (PIIB) on or after 11/09/2017.

However, if you're an existing customer pre 11/09/2017, you will still be able to top up or switch into the Prudential With-Profits PAC Sterling, PAC Euro and PAC US Dollar Funds.

Reference to With-Profits within this document is only applicable to policyholders pre 11/09/17.

### Important Information

The PruFund Protected Funds are currently unavailable to new investments.

This form allows you to request a fund switch for

- Prudential International Investment Bond
- International Prudence Bond.

- a) Please note, you are not allowed to switch between our PAC With-Profits Range of Funds.
- b) The Company will not accept investment instructions which would result in the bond being linked to more than 10 unit linked funds. This includes not being linked to more than one PAC With-Profits Range of Funds, more than one PruFund Growth Fund, more than one PruFund Cautious Fund or more than one PruFund Protected Fund.
- c) The Company may make a charge for switching an existing investment. This will normally apply if you request more than the number of free switches allowed in each bond year.

For fund switches on, or after, 1 January 2018, you should read your Key Information Document, and relevant Investment Option Document(s) as they contain important information. These are available on [pru.co.uk](http://pru.co.uk)

For products closed before 1 January 2018, but can still be topped up, we don't provide these documents. So please refer to your Key Features Document for further information, available on [pru.co.uk](http://pru.co.uk)

We provide an Investment Option Document for funds which may be switched into, with the exception of Prudential With-Profits funds (this fund is only available to existing plan holders before 11/09/2017).

Not all of our funds are available to switch into. For more information about our available funds, please see the current Fund Guide. This is available at [pru.co.uk/funds/guides](http://pru.co.uk/funds/guides)

- d) Where you have a group of policies for your bond any transactions will be dealt with on a basis which keeps the policies identical throughout.

### PruFund Range of Funds for International Prudence Bond and Prudential International Investment Bond

**Important Information:** Any switches out of a PruFund Protected Fund will reduce your Guaranteed Minimum Fund. You can't switch into a PruFund Protected Fund, except as explained below.

Switches out of the PruFund Range of Funds will generally be subject to a 28-day delay. Switches into these funds will normally go through the appropriate PruFund Account.

You can't generally change a request to switch into or out of one of the PruFund Range of Funds.

You may only make one switch in or out of a fund in the PruFund Range between Quarter Dates.

#### International Prudence Bond Only

If you hold the PruFund Protected Growth Fund in a bond issued before 06/11/09, with a rolling guarantee, you may switch into it, where available, but only at a Guarantee Rollover Date and only into the fund you hold. If you switch fully out of a PruFund Protected Growth Fund you won't be able to switch back in at a later date.

As explained in the note on the next page, switches out of the PruFund Range of Funds may be subject to a 28 day-delay. For combinations of switches involving a fund in the PruFund range and any other fund, this may mean the transaction is done in more than one stage. Please refer to your Contract Conditions for full details.

### PAC With-Profits Range of Funds

If you ask to switch out of a PAC With-Profits Range of Funds, the value that we use to allocate the replacement units will be adjusted in the following order:

- adding any final bonus that the units to be cancelled are eligible for,
- deducting a Market Value Reduction (MVR), if applicable, and
- deducting the fund switch charge, if applicable.

### Regular Withdrawals

#### Prudential International Investment Bond

If you are taking regular withdrawals from your bond please ensure you instruct us on where to take future regular withdrawals from.

If you don't specify any funds we will deduct the regular withdrawals from across all the funds you hold, in proportion to value, with the exception of any PruFund Protected Fund (unless this is the only fund you are invested in).

We have the right to refuse a fund switch request into the PruFund Range of Funds or PAC With-Profits Range of Funds if it would take your total investment in those funds over £1,000,000, or Euro €1,500,000 or US\$1,500,000.

Except where you are fully switching out of a fund, the minimum amount you may hold in any fund after a switch, in or out, is £500, Euro €750 or US \$750.

Please refer to your Key Features Document or Contract Conditions for more information.
