

# Statement of Charges (06/22)

International Prudence Bond (Capital Redemption Option)  
(Not for use in Spain or Belgium)

E

## Important notes

This document should be read together with “International Prudence Bond (Capital Redemption Option) Contract Conditions Booklet PIA/GEN/IPBCRO/03/0622” and Your Contract Schedule or Endorsements.

It shows the charges and limits that apply to the Bond in addition to those shown within Your Contract Schedule or Endorsements. Capitalised items in this Statement of Charges have the same meanings given to them in the Contract Conditions Booklet unless stated otherwise.

The charges and limits in these tables are shown in UK Sterling, Euro and US Dollars. The charges We will apply depend on Your Limit Currency, which is shown on Your Contract Schedule. The Limit Currency is the currency denomination chosen by You on Your application form which We will use for charges, minimum and maximum Investment limits and Allocation Rates.

If You make a Partial Withdrawal or set up a Regular Withdrawal, We will change Your Cash In Benefit Currency to match the currency You instruct Us to use for the Withdrawal. That Benefit Currency will then apply for all future transactions. We will tell You when We do this.

## Establishment Charge

There is an Establishment Charge taken every three months in advance by cancellation of Units commencing on the Investment Date. The level of each three monthly charge is 0.3% of the Fund value at the date the charge applies. The charge will be taken for the first five years from the date of the Initial Investment or any Additional Investments. The charge applies to both Initial and Additional Investments separately but will be taken only from the Units in the Investment that the charge applies to.

## Annual Management Charge (PruFund Range of Funds)

An Annual Management Charge (AMC) is deducted on a monthly in arrears basis from the Funds and Accounts within the PruFund Range of Funds allocated to Your Bond as described in Part 7, Condition 7.2. The charge is taken by Unit cancellation from the PruFund Units of each Investment in Your Bond. The level of charge may vary between these Funds and the annual rate for each Fund appears on the table overleaf.

## Annual Management Charge (all funds except the PruFund Range of Funds)

For Funds allocated to Your Bond an Annual Management Charge (AMC) is deducted on a daily basis from the Fund(s) allocated to Your Bond and is accounted for in

the calculation of the daily Unit price as described in Part 7, Condition 7.2. The level of charges varies between Funds and the annual rate for each Fund appears in the column headed “Annual Management Charge” on the table overleaf.

## Further costs

In Part 4 of Your Contract Conditions, We refer to the fact that in addition to Our charges, further costs may be incurred, which can vary over time. Where further costs apply, they will reduce the investment return on Your Investment.

The table overleaf can be used to assess the impact of charges and further costs on Your Investment. It shows the Funds that You can select from and the currencies that their prices are denominated in.

The column headed “Further costs (%)” highlights the current expected level of these further costs but they may vary over time.

## Application of charges – PruFund Range of Funds

For the PruFund Range of Funds all Investments and switches-in will generally be initially invested in the appropriate PruFund Account. Any charges applicable to those Funds within the Bond apply equally to the corresponding PruFund Account.

Prudential International linked Funds	Fund currency	Annual Management Charge (%)	Further costs (%)	Yearly total (%)
Asia Pacific Fund	£	1.35	0.00	1.35
Balanced Managed (Sterling) Fund	£	1.20	0.06	1.26

UK Equity Fund	£	1.20	0.06	1.26
US Dollar Deposit Fund	\$	0.95	0.00	0.95

## Annual Growth Reward

An Annual Growth Reward may be added to Your Bond starting at the first anniversary of the Commencement Date (or of the Additional Investment Date for any Additional Investment) and on each anniversary after that. We apply the Reward of 0.1% by adding Units to the Fund(s) Your Bond is invested in as described in Part 3, Condition 3.4 of Your Contract Conditions. The Reward will be applied on each anniversary as long as You do not make any Regular or Partial Withdrawals in the 12 months up to that date. For further information please see Part 5, Conditions 5.1 and 5.3 of the Contract Conditions.

The Annual Growth Reward may still be applied at the anniversary of an Investment where You cash in individual Policies in the Bond during that 12 month period. It will be added to the value of the individual Policies remaining in force (if no Regular or Partial Withdrawals have been taken from those Policies during that 12 month period).

## Maximum Regular Withdrawals at the start of an instruction

In any 12 month period, the maximum level of Regular Withdrawals You can take is the greater of:

- 5% of the total amount You invest in Your Bond (the sum of Your Investments), or
- 5% of the full value of Your Bond at the time You start taking Regular Withdrawals.

NOTE: The limits will also apply to any later instruction which:

- changes the level of Regular Withdrawals, and/or
- re-starts Regular Withdrawals.

## Early Cash In Charge

With the exception of Regular Withdrawals, an Early Cash In Charge will be applied if You withdraw money in the first five years following the payment of the Initial Investment or any Additional Investment. The charge is assessed separately for each Investment and is relative to the length of time since the Investment was made. The charge will be taken only from the Units in the Investment that the charge applies to. When We cancel Units to pay for Regular or Partial Withdrawals and two or more Investments have been credited to the Bond, We will cancel the Units in proportion to the Units relating to each Investment.

The table below shows the standard rates of Early Cash In Charge that would apply.

Charge period	Percentage deducted from the value of Initial and/or Additional Investment Units (as appropriate)
1st year	10%
2nd year	8%
3rd year	6%
4th year	4%
5th year	2%

## Minimum amount for Regular and Partial Withdrawals

Type of Withdrawal	Minimum amount for each payment
Regular	£75, €112.50 or \$112.50
Partial (by Partially Cashing In all the Bond Policies)	£75, €112.50 or \$112.50

## Minimum remaining Fund value requirements – Regular and Partial Withdrawals

Type of Withdrawal	Minimum Fund value	
Regular	£500, €750 or \$750 in each Fund the Bond is invested in.	(For example, if the Bond is invested in two Funds the minimum total remaining Bond value is £1,000, €1,500 or \$1,500).
Partial (by Partially Cashing In all the Bond Policies)	£500, €750 or \$750 in each Fund the Bond is invested in.	

NOTE: Where any Regular Withdrawal or Partial Withdrawal by Partially Cashing In all the Bond Policies would result in the remaining value of the Bond being less than Our minimum remaining Fund value the following courses of action are available. Either:

- the amount of the Regular or Partial Withdrawal must be changed, or
- the Bond must be Fully Cashed In.

## Maximum amount for Partial Withdrawals

The maximum amount for Partial Withdrawals is governed by the value of the Bond on the date of Your Withdrawal request and the minimum remaining Fund value requirements set out above. As long as the minimum amount required remains in the Bond after Your Withdrawal, You may withdraw any amount up to the Unit value of Your Bond.

### Example:

Suppose that Your Bond had a total Unit value of £20,000 and the Units were held in four different Funds. The minimum amount that must be left in the Bond would be £500 for each Fund. This means that the maximum Partial Withdrawal that You could take from Your Bond would be £20,000 less £2,000 giving £18,000.

## Other Charges and Limits

Where We apply additional charges mentioned in this section of this document, any requirement for a currency conversion is calculated at the market rate available at the time. Market rate means the currency exchange rates We use each day and are “mid market rates as at 8am (GMT)”.

<b>Non-standard payment charge for Cash In Benefits (where appropriate)</b>	The cost will vary depending on the payment method You request. This cost will be deducted from the Cash In Benefits.	
<b>Minimum amount to be invested in any Fund</b>	At least £500, €750 or \$750 must be invested in each Fund held under the Bond.	
<b>Fund Switch Charge</b>	£15.88, €23.83 or \$23.83 per switch. We apply this charge where more than 20 discretionary switches (including the PruFund Range of Funds) are made in any 12 month period. The charge is taken by cancelling Units in the Fund(s) to be switched and deducting the charge from the realised cash.	
<b>Fund Switch limits for any switch (including the overall maximum Investment limits for Our PruFund Range of Funds)</b>	Minimum value of Units to be switched into or out of any Fund.	£500, €750 or \$750
	Minimum value of Units that must be left in a Fund after a switch (unless all Units in that Fund are being switched out).	£500, €750 or \$750
	Overall maximum of Investments and switches allowed under the Bond into Our PruFund Range of Funds.  These limits are applied to all bonds held by the Policyholder(s). If the Bond is owned jointly, each Policyholder will be treated as having invested the full amount. For example, if Policyholders jointly invest £1,000,000 into these Funds, it will count as the maximum for each Policyholder.	£1,000,000, €1,500,000 or \$1,500,000

## Changes to charges and limits

From time to time We may change the limits and charges in this Statement of Charges as described in Part 7, Condition 7.9 of Your Contract Conditions Booklet.
