For other funds the AMC depends on the funds selected.  Charges range from 0.95% p.a. to 1.90% p.a. (subject to change as funds are added or removed from the fund range).  The AMC is implicit within the daily unit price.	<ul><li>Fund Guide</li><li>Fund Factsheet</li><li>Statement of Charges</li></ul>
Other Fund costs	There are other costs which aren't covered by the Annual Management Charge. These can include for example, maintenance costs for property investments and costs associated with investing in infrastructure, such as utilities, transport and renewable energy. These can vary over time. The current level of these costs are shown within the Statement of Charges, and are included in the Other Ongoing Costs in the fund IOD.  This may include transaction costs, which are incurred when a fund manager trades the investments in a fund (for example, makes a decision to sell one holding and buy another).	<ul> <li>Fund Factsheet</li> <li>Product KID and relevant Fund IOD</li> <li>Statement of Charges</li> </ul>
